SEEN IN RATE HIKE**

WASHINGTON, Sept. 28.—(AP)—A breach between the interstate commerce commission and some of the states was predicted today if the commission approves the 15 per cent freight rate increase asked by the railroads.

Charles E. Cotterill, of New York, representing the Southern Traffic League, told the commission he expected some state utility regulatory bodies to refuse to order a corresponding increase in intra-state rates.

In this case it would be within the power of the federal commission to force intra-state increases. The law under which it operates authorizes it to order such changes if in its opinion existing intra-state rates are detrimental to interstate commerce.

**Chicago Bank To Close
After Paying in Full**

CHICAGO, Sept. 28.—(AP)—Depositors of the Mayfair State Savings bank were asked today to call around and get their money, as the bank is going to stop accepting deposits on September 30. T. B. McGrath Jr., president of the bank, said there was more than enough cash on hand to pay every cent of the deposits, which total \$600,000.

State Auditor Oscar Nelson said this was the first time he had ever heard of a bank voluntarily going out of business and paying 100 cents on the dollar.

President McGrath said "We are closing because we can't make money."

**JUDGE MATHEWS
PASSES IN COURT**

Widely Known Georgia
Jurist Is Stricken at
Bench in Macon.

MACON, Ga., Sept. 28.—(AP)—

Eight minutes after he opened court for the trial of Ross Hatcher and Charles Hayden before a courtroom crowded to capacity here today, Judge Henry Ashbury Mathews, widely known jurist, dropped dead. He was in his 70th year.

Hundreds of spectators gathered to hear the testimony in the trial of the two youths charged with attacking the girl companion of James Spratt Jr. a few weeks ago, were thrown into confusion.

Court attendants said Judge Mathews entered the courtroom about 10 a. m., apparently in good health and spirits. He immediately called for the roll-call of the jurors and then asked that the docket be sounded.

A few moments later Charles Garrett, solicitor, announced ready in the case of the state vs. Hayden and Hatcher. A defense attorney arose to offer a motion for continuance.

With a slight gesture Judge Mathews halted the attorney and said: "The attorney for defense will discontinue arguments for a moment."

He then slumped over his desk. Court attendants went to his assistance and carried him to his chambers adjoining. Three physicians called to his side, said he had died of a heart attack while being carried from the courtroom.

Relations said there was no history of previous heart attacks. His son, Henry A. Mathews Jr., was at his side at the end.

Funeral services for Judge Mathews will be held at the Methodist church in Fort Valley at 10 o'clock (central time) Wednesday morning.

Judge Mathews had a long legislative career, serving for several terms in the house and the senate.

He served in the state senate from the 23rd district in 1902-03-04 and 1906 and 1910.

While in the senate Judge Mathews was chairman of the joint legislative committee to examine and report on the code of 1910, the last official code of the state.

He served as solicitor-general of the Macon circuit from 1912 in April to October 3, of the same year, when he was elected to the circuit bench.

Judge Mathews was born November 7, 1855, at Fort Valley, now Peach county. He graduated from Emory College with an A. B. degree in 1875, was admitted to the bar October 1, 1881 and began the practice of law in 1882.

He was a member of the Methodist church, a democrat, Mason and Odd Fellow.

He was married in 1894 to Loula Murphy, of Ellaville, and two children, St. M. Mathews and Henry Ashbury Mathews, were born to them.

AIR VIEWS

...BY GENE HINTON...

ATLANTA'S eagerly awaited and long overdue autumn weather already is being reflected in increased activity at the municipal airport, where commercial operations have been pretty much in the doldrums for several months. Provided with the first cool weather since last spring, a big crowd was at Candler field Sunday afternoon, apparently in sympathy with them in some time past with operators' efforts to make money out of the short-hop business.

With the air "bumps" blown out of them by the cooler atmosphere, flight students also are beginning to take more interest in things. In short, business at the field is a noticeably and probably steady monthly improvement until genuine winter weather sets in.

In preparation for the erection of the administration building, which will grace the spot now occupied by the Curtis-Wright Flying Service hangar, county forces are moving 1,000 yards of dirt a day, according to J. H. Gray, manager of the airport.

This earth is being used to fill in the ditch just north of the brick of houses not only to provide a spot for the Curtis-Wright hangar but to permit the extension of the north-south runway almost to Virginia avenue. C. R. Smith, American Airways vice president, is slated to arrive here this afternoon and turn over to the city a check for \$35,000, which will be donated by the county, will permit erection of the \$50,000 structure.

As Beeler Blevins arrived from Chicago after a lengthy business trip through the north and middle west, Gus Leazar, manager of the Atlanta base of the Curtis-Wright Flying Service, hopped off for White Sulphur Springs, Va. Flying a six-place Travel Air monoplane, Leazar carried Joseph P. Whitehead, Coca-Cola millionaire, and a friend to the Virginia resort. Blevins, flying a Kinner-powered Waco Model "C" cabin biplane, landed at Monroe and Shreveport, La., Tulsa, Okla., and Chicago during his swing around the circuit. Carrying a prospective plane purchaser as passenger, Blevins reported that his prospect was favorably impressed with the performance of the "C," which is the newest product of the Waco factory.

D. Noah Hudson, well-known resident of East Point, has been appointed salesmanager in the southeastern territory for the Stout Metal Airplane Division of the Ford Motor Company, he announced Monday. The Ford airplane division has no other sales representatives in the south, and few in the entire country, Hudson stated. No "demonstrator" will be maintained here for the time being, he said, but prospective purchasers will be given an opportunity to fly in new Ford equipment on American Airways' Atlanta-Cincinnati route. High-speed trimotors are in daily use on this line.

Edwin M. Walden, of Tampa, Fla., whose father, Professor R. V. Walden, is well known in Atlanta, has received a patent on a new airplane rudder control, which, according to the inventor, will effect considerable improvement over the control mechanism now in common use. The invention locates the entire controlling apparatus within the fuselage and eliminates external horns, cables and hinges, some of which are to be found on modern planes. The usual gap of one-half inch or more between rudder and fuselage also is eliminated, as well as the parasitic resistance caused by exposed parts. Other advantages claimed include improvement in the appearance of an airplane's tail assembly, improvement of the rudder's aerodynamic efficiency and elimination of accidents caused by weeds and bushes, catching in exposed rudder horns and cables.

Walden's rudder control mechanism consists of a sprocket wheel, a compound spur gear and a single spur gear, all attached to a half tube rudder post. To the end of a roller chain carried by the sprocket wheel are attached steel cables which run to the rudder pedals in cockpit or cabin.

Walden, who also is the inventor of an all-steel welded monospar cantilever double-tapered wing now being tested by the army air corps, has had considerable experience as a pilot, but has devoted most of the last seven years to designing.

August business of the southern division of American Airways, Inc., including both air mail and passenger traffic, was the best in the history of the organization, according to figures made public Monday by Willis B. Haviland, local representative. July traffic, which had been the heaviest to date for a 30-day period, was exceeded by 7 per cent over the southwestern transcontinental route, extending from Atlanta to Los Angeles, and by 6 per cent for the entire southern division. The division completed 98.6 per cent of its scheduled flights during the month, with several of the Texas lines finishing the month with a record of 100 per cent.

WILKES-BARRE, Pa., Sept. 28.—(AP)—Twenty-one collieries of the Lehigh Valley Coal Company, many of which had been closed for months and some for more than a year, reopened today, furnishing work for more than 12,000 men.

Increased coal orders made necessary the immediate opening of the mines, it was stated.

**WASHINGTON WATCHES
ELECTION IN MISSOURI**

BY MARK SULLIVAN.
WASHINGTON, Sept. 28.—(AP)—The election for congressman in the seventh Missouri district Tuesday is watched from Washington for two reasons. The vote will be, or normally should be, a barometer reflecting just how great is the swing away from the republicans at the precise moment when some of the most severe explosions of the world-wide depression have been occurring.

The value of the outcome as a barometer is marred to some extent by the fact that it is not a clear-cut test between a democrat and a republican. After the regular democratic candidate. With this three-sided laying in as a dry, a second democrat entered as a wet in the role of third candidate. With this three-sided lay out it will be difficult to interpret the outcome as a barometer.

Probably it would be safe to say that if the regular democratic candidate should win under the handicap of a divided party that will be a bad omen for the republicans. The situation is very complex, however, and local ends have much weight. It will be difficult to find in this election the national significance that is often to be found in an "off" election in a single district such as this. Incidentally, the size of the vote for the wet democrat who is running as a third candidate will be interesting evidence about the extent of the wet strength. Both the regular democrat and the republican are endorsed by the Anti-Saloon League. The district is largely rural with two small cities.

**Moscow Homes Unheated
As Soviet Saves Fuel**

MOSCOW, Sept. 28.—(AP)—The first snow of the winter fell today and householders in overcoats and galoshes found in the morning paper a decree forbidding all citizens to heat their homes without special authorization by the municipal government.

The decree is part of a campaign for economy of fuel because coal production is lagging far behind the five-year plan schedule. Penalty for violation of the non-heating order is 100 rubles fine or 30 days' compulsory labor. The only exceptions are hospitals and similar institutions.

Farmer Kills Self.
MOBILE, Ala., Sept. 28.—(AP)—William E. Pierce, 52, farmer residing on the outskirts of the city, committed suicide today by shooting himself in the stomach with a shotgun, county officers reported. Relatives said he had been ill for some time. Pierce tied the shotgun to his belt and pulled the trigger with a string and death resulted almost instantly, according to the coroner.

"An Inspiring Story of PROGRESS"

—GAS AGE-RECORD

INTRODUCING a recent issue of their magazine, devoted almost exclusively to recounting the story of Atlanta's change-over from the old gas to the new, rich gas, the outstanding national publication, *Gas Age-Record*, said editorially:

"The Atlanta Gas Light Company deserve hearty congratulations on the fine progress made during the last year. This inspiring story is offered in the hope that it will be helpful in other situations where similar problems may be met in the future."

Throughout the Atlanta issue, this national authority shows how effectively,

with a minimum of inconvenience to the public, our men accomplished the tremendous task of constructing new mains and adapting every gas burner in the city of Atlanta to the new, rich fuel. It was a genuine accomplishment. We are proud that such national recognition should come to the men who organized and did this big job, which now is held up as a model for other cities to follow.

The work that went on, for the most part invisible to the public, was a great part of our job of making Atlanta's gas system one of the finest and most modern in America.

Samuel Tupper's Novel Goes On Sale in Atlanta Today

Samuel Tupper Jr.'s new book, "Some Go Up," goes on sale in Atlanta today.

Since the announcement that the novel was in the hands of the publishers Atlanta has awaited its coming with interest and a ready sale of the book is assured not only here but throughout the country for Mr. Tupper's first venture in the realm of fiction, "Their Sons," for which

he received \$500 from Liberty, has given him a national reputation.

Mr. Tupper is the son of S. Y. Tupper, a prominent insurance man, and a grandson of the late S. Y. Tupper, who, coming here from Charleston many years ago, became one of the

SAMUEL Y. TUPPER JR.

pioneers in making Atlanta the fourth largest insurance center in the country.

Following family tradition S. Y. Tupper Jr. is in insurance harness. He is a close student, earnest worker and his progress in the literary world has been quite unusual.

Some aspiring young writers find the road to success hard and rocky; others, by dint of patience and application discover that success is just around the corner. In other words, "some goes up, en' some goes down," and that is the suggestion of the title of the first novel of the young Atlantian who already has tasted recognition in the literary field.

"Some Go Up" is the title of his last work. It was suggested by the lines from Joel Chandler Harris' "Uncle Remus" tale wherein Brer Rabbit says to Brer Fox:

"Some goes up, en' some goes down. You'll git to de bottom all safe en' soun."

The novel, published by McBride, of New York, is of 75,000 words length and the story is located in Atlanta, where streets and places are given their true names, but where the characters used are, the young author insists, entirely fictional. It is about two families—one of which "goes up" while the other "goes down."

Mr. Tupper has already begun his second novel, and, working in an insurance office in the day time he writes at night. At present 10 chapters of the new book have been completed and he hopes to finish the novel by next spring.

"Some Go Up," which should prove of widespread interest to Atlantians, will sell for \$2.

Mr. Tupper was born on Juniper street in 1904. He was graduated from the University of Georgia with a B. S. degree in 1926 and while at college was editor of The Georgia Cracker.

DRIVE HEADQUARTERS SET UP DOWNTOWN

Headquarters for the joint campaign of the Community Chest and the Emergency Relief Committee, which will start a drive on October 8 for \$805,000 to aid the unemployed and destitute of Atlanta, will be located on the ground floor of the Volunteer Life building, at Broad and Luckie streets. The space has been donated by the building management, the workers to use the location free of rent during their activities.

The workers, 3,000 volunteers, will undertake to present to every man and woman in the city who is now employed an appeal to assist the poverty-stricken members of the community, using as their slogan, "Give more—the need is urgent." The industrial drive will be started first, the 266 business houses in Atlanta being the first objectives of the campaigners.

On October 19 the general canvass will be started, and much stress will be laid upon the fact that the estimated number of persons needing immediate relief in Atlanta is 40,000. The \$805,000 represents \$485,000 for the normal requirements of the Community Chest and \$340,000 for the emergency work of the relief committee.

Penny-a-Meal Club Is Being Organized By Agnes Scott Girls

Agnes Scott College is organizing its Penny-a-Meal Club campus work and, according to President J. R. McCain, there is great enthusiasm among all the girls who are eager to aid in relieving the distress this winter due to unemployment.

In a letter received by Mrs. Thomas K. Glenn Monday Dr. McCain says: "We appreciate very much your coming to Agnes Scott and presenting the plan of the Penny Club. We are organizing our campus work under the social service committee of the Young Woman's Christian Association and already there is great enthusiasm."

The plan is so simple and so universal in its appeal that I am sure it will be very effective, not only at Agnes Scott but at other institutions and in fact throughout the nation. I congratulate you on the leadership you are showing and the good work being accomplished."

Signed Penny-a-Meal Club pledges passed the 2,000 mark Monday, Mrs. Glenn reported. She also estimated the number of pennies that had been deposited in the boxes as more than 200,000.

"Atlanta's response to our appeal for relief," said Mrs. Glenn, "is perfectly fine and so typical of the south. I want to thank the thousands of people who are responding so generously and spontaneously. Atlanta folks have evidently made up their minds that here at least there will be no real distress due to unemployment."

Piles Go Quick

No Salves—No Cutting

Thousands of sufferers from itching, bleeding or protruding piles have learned that quick and lasting relief can only be accomplished with an internal medicine. Neither salves nor cutting remove the cause.

Bad circulation of the blood in the lower bowel causes piles. The veins are flabby, the bowel walls weaken, the parts almost dead. To end Piles an internal medicine should be used to stimulate the circulation, heal and restore the affected parts.

Dr. J. S. Leonard was the first to discover a real internal Pile remedy. He called his prescription HEM-ROID, and prescribed it for 1,000 patients with the marvelous record of success in 990 cases, and then decided every Pile sufferer should be able to get HEM-ROID tablets from their own druggist with a rigid money-back guarantee.

Dr. Leonard's prescription has a wonderful record of success right in this city and Jacobs' Drug Stores in this city sufferer to try a bottle of HEM-ROID and guarantee to refund the purchase price if they do not and Piles in any form.—(adv.)

GEORGIA '4-H' GIRL GUEST OF NEW YORK

Miss Mary Todd, of Winterville, Received With Municipal Honors.

BY MAURICE DUHAMEL.

NEW YORK, Sept. 28.—(AP)—A southern farm girl and boy today received the official acclaim of the nation's largest city, but decided at the end of a busy day that rural life holds more joy for them than the bustle of the metropolis.

Miss Mary Todd, 22, and Andrew Colebank, 23, both college graduates, paused here on their way to Washington, where as winners of the first National 4-H Club fellowship they will study for nine months in the department of agriculture.

They were greeted at city hall, whirled over the metropolitan district in an airplane and then rushed from one interesting place to another.

"It was pretty wonderful," said Miss Todd, whose home is in Winterville, Ga., "but I guess I'd rather stay in the country. Farm life is more interesting." Anyway, she added, airplane flights weren't new.

Miss Todd and Colebank, whose home is Germantown, Tenn., won a contest conducted among college graduates of many states to find the boy and girl best fitted to convey to the federal department the views and needs of young and old farmers striving for success. All their expenses will be paid by the Payne fund, which sponsors the better farming movement.

Both gave their views on farm life. "Being a farmer's wife, I think, should be a fine career for any girl," Miss Todd said. "It isn't all drudgery, long hours and worry any more. Farm houses can be and are being made just as nice and pretty as city houses. And the housewives are systematizing their work and have plenty of time for rest and recreation. They are getting up-to-date. The young folks are seeing to that."

Young Colebank, 6 feet tall and deeply interested in tilling the soil, said that any number of city men, with slight training, could migrate to farms and establish themselves in independence.

"Any man who has normal health and a desire to get ahead could take a 50-acre farm and turn it into a profitable business of his own in a short while," he said.

"Near big cities he could go in for truck gardening and diversified small crops; further away from population centers he should have more land and not so much variety of crops."

The machinery age, he said, holds no terrors for modern farmers. "The day of the hired man and the chore boy, of course, is done. They are not needed on scientifically operated lands. But there is plenty of room

Overcome by Heat, Pet Monkey Dies

MIDVILLE, Ga., Sept. 28.—(UP)—Jocco, monkey pet of Mr. and Mrs. Ben Lane, died Sunday. She was overcome by the heat of the unseasonable September hot spell.

Last spring she disappeared for five weeks and lived in the trees and undergrowth of the Ogeechee river swamp.

FORMER GEORGIA MAN GIVEN U. S. CITATION

WASHINGTON, Sept. 28.—(AP)—For locating a group of his comrades lost in No Man's Land in the World War, Lucius G. Hughes, of Monroe, La., today was awarded a silver star citation by the war department.

Hughes was a sergeant in the 151st machine gun battalion of the 42d division. When he enlisted he lived in Rome, Ga.

The citation was for gallantry in action near Serzy, France, July 28, 1918.

It said: "Sergeant Hughes acting as liaison sergeant displayed exceptional courage and bravery when he went forward in front of our lines under heavy enemy artillery and machine gun fire and succeeded in obtaining information concerning the whereabouts of an officer and a small detachment of his company who had not been heard from for several hours."

FRANKLIN TO HEAD CLUB IN TENNILE

TENNILE, Ga., Sept. 28.—H. M. Franklin, of Tennile, was re-elected president of the Twin City Country Club at a meeting of the stockholders of the club yesterday in Sandersville. Other officers elected include Julian Evans, vice president, and J. W. Tyson, secretary-treasurer. Directors, H. M. Franklin, Julian Evans, C. F. Brown, E. W. Jordan, Arthur Stephens, Findley Irwin, Graham Franklin, Frank Wilt, Ray Newman, W. K. Smith, Roy Duggan and D. E. Master Jr.

The Twin City Club, which is primarily a golf club, has an enthusiastic membership of 112 residents of Sandersville and Tennile. The grounds, consisting of 196 acres, are situated about two miles from here, under the management of J. H. Osborne, who is assistant to the president. Mr. Franklin states that the business affairs of the club are in fine shape and that many improvements have been made on the grounds this year.

on farms for men with energy and ideas, just as there is in commerce," he explained.

Tonight the young champion farmers went to a Broadway theater. Tomorrow they will resume their sight-seeing and go to the national capital.

later in the week.

CONSTRUCTION BEGUN ON GEORGIA BUILDING

Agricultural College Campus Site for 3-Story Domestic Science Structure.

ATHENS, Ga., Sept. 28.—Construction has begun on the new domestic science building on the campus of the Georgia State College of Agriculture.

Dawson Hall, named for its donor, is being built with money left the college by W. T. Dawson, of Hancock county, who later lived in Florida. Heretofore, interest on the money has been used as a loan fund for worthy students.

The structure is to be of brick and concrete, with wood only in the classrooms. It will be built on practically the same general order of the physical education building, which was constructed two years ago, except that the facade will have no columns in front.

Dimensions of the three-story building are 210 feet long and 88 feet wide. The cafeteria will occupy a large portion of the first floor. The chemistry laboratory, the nutrition laboratory, the domestic science department, a library and the pottery department, are also on the bottom floor.

A cafeteria, large enough to accommodate 300 persons, an auditorium with a seating capacity of 250, offices for women and extension workers, clothing and chemistry, and domestic science laboratories, a library, classrooms and room for the pottery and art departments will be included in the building.

The second and third floors will be utilized as offices, unit kitchens for home economics students, foods laboratory, classrooms, a library for the Home Club, club and clothing laboratories and the auditorium.

The building is being constructed on the north side of Soule Hall, dormitory for girls, on the grounds which have been used as an athletic field for physical education of women students. This practically completes a quadrangle, consisting of Soule Hall, Hardman Hall, Connor Hall, the physical education building and Barrow Hall.

OFFICERS INSTALLED BY DAWSON D. A. R.

DAWSON, Ga., Sept. 28.—The Mary Brantley chapter, United Daughters of the Confederacy, has resumed activities with the following new officers: Mrs. Ivey C. Melton, president; Mrs. Jesse M. Rauch, first vice president; Mrs. George W. Johnston, second vice president; Mrs. T. K. Cobb, third vice president; Mrs. J. R. Webb, treasurer; Miss Orle Jenkins, recording secretary; Mrs. E. C. Paschal, corresponding secretary; Mrs. T. B. Rues, registrar; Miss Belle Cheatham, historian; Mrs. J. M. Griggs, custodian; Mrs. J. D. Twiss, cross of service; Mrs. W. T. Bartlett, chaplain; Mrs. J. D. Weaver, parliamentarian.

Meldrim Unopposed In Chatham Primary

SAVANNAH, Ga., Sept. 28.—(AP)—Lucius K. Meldrim, now sheriff ad interim by appointment of county commissioners, will be elected Tuesday as democratic candidate to fill the unexpired term of the late Sheriff M. W. Dixon. Meldrim has no opposition in the primary. The general election for the office takes place October 14.

\$1,000,000 BOND ISSUE IS URGED FOR MACON

MACON, Ga., Sept. 28.—(AP)—Authorization of \$1,000,000 bond issue—\$550,000 for storm sewers, \$350,000 for paving—will be urged upon city council tomorrow night by the citizens' committee of 12 called by Mayor G. Glen Toole to determine the need and amount of proposed city and county bond issues.

A resolution which will be addressed to council was adopted by the committee in the city hall tonight after two long sessions and much discussion. A recommendation of the size of the proposed county bond issue principally for school building will be delayed until a more thorough study of the situation has been made.

A dominant tone of the citizens' committee, as expressed in the resolution it finally adopted, is the opinion that the community should not go in debt merely to relieve unemployment by spending money for public works. It was stated and reiterated that unless improvements are urgently needed, and can be made at a financial advantage at the present time, a bond issue will not be considered for them.

Watson Walker, city engineer, told the committee at a session this morning, again at a meeting which continued from 4:30 until 7 o'clock tonight, that \$2,400,000 could be spent to advantage on Macon sewers and other projects which he said are urgently needed.

Dr. J. D. Applewhite, city-county health officer, has for a long time strongly advocated extension of Macon's sanitary sewer system to cover many homes which now have surface drainage.

ESCAPED MEN HUNTED BY NAHUNTA OFFICERS

NAHUNTA, Ga., Sept. 28.—(AP)—Authorities Monday sought three prisoners who smashed and saved their way out of the Brantley county jail Saturday night. They were Pat Vaughn, Brunswick; Stock Jackson, Greensboro, N. C.; and Howard Taylor, Schatterville, Ga. A fourth prisoner, Souther Hendrix, trusty, refused to join in the jail break and was bound and gagged by the trio before they left. He freed himself and gave the alarm.

C. L. SNOWDEN DIES AT COVINGTON HOME

Prominent Editor and Publisher Succumbs After Long Illness.

COVINGTON, Ga., Sept. 28.—C. L. Snowden, 63, editor and publisher of the Covington News and prominent resident of this section, died at his home here Monday morning after a lingering illness. He is survived by a sister, Mrs. Ralph Burnside, of Portland, Ore., and a brother, Dr. Robert Snowden, of Michigan.

Mr. Snowden came to Covington about five years ago from Madison, Fla., where he was owner and publisher of a weekly paper. He was a graduate of Chicago University and was noted as a lecturer and orator. He was a member of the Georgia Press Association.

The body will be taken to Washington, D. C., for cremation.

HONORARY ESCORT NAMED BY GEORGIA PRESS HEAD

Louie L. Morris, president of the Georgia Press Association, this afternoon appointed the following to serve as an honorary escort at the funeral in Covington at 9 o'clock Tuesday morning of Dr. C. L. Snowden, editor of the Covington News, who died at his home in Covington Monday:

Ernest Camp, Walton Tribune; Monroe, Ed. A. Caldwell, Walton News; Monroe; Doyle Jones, Progress; Argus, Jackson; W. T. Bacon, The Madisonian, Madison; P. R. and F. Penn, The News, Monticello; W. Trox, Bankston, life member of Georgia Press Association, Covington, and R. S. Elliott, Henry County Weekly, McDonough.

GEORGE EDWARD SMITH SUCCUMBS IN MACON

MACON, Ga., Sept. 28.—(AP)—George Edward Smith, 59, retired policeman, who saw 35 years of consecutive service in the Macon police and fire departments and a brother of the late Judge Bridges Smith, died of a sudden illness at his home here before dawn Monday morning.

"Uncle Ed," as he was known, was one of the most colorful figures of the police department during his time as a patrolman. During the administration of Daisy Price as mayor of Macon, "Uncle Ed's" figure was a common one along Broadway and in the downtown districts. At one time he was assigned to the Tybee district when it was considered the most lawless section of the city. During the time he patrolled it, police officials said only three arrests were made and almost perfect order maintained.

City council retired him on pension October 26, 1926, when he was serving as a patrolman.

Georgia Fugitive for Eight Years Tells of Making, Losing \$47,500

MACON, Ga., Sept. 28.—(AP)—Robert F. Anderson, 42, former Manchester (Ga.) telephone operator, is in the Bibb county jail here after more than eight years as a fugitive from justice, during which time he participated in the Miami boom, he said, netting \$47,500 commission on one sale.

He added, "I lost it all." He said he is holding Anderson on a charge of using the mails to defraud in connection with a diamond ring transaction in June, 1921. Anderson admits the charge and says he will enter a plea of guilty as soon as possible. In 1921, the telephone operator is said to have written to J. J. Bookout, Atlanta jeweler, with the request he be sent some rings from which to select. The rings were sent, and Anderson kept one, pawned it, and obtained \$35 on it.

"I fully intended taking it up, but never did," he said. "I had, in all, about \$10,000 worth of rings, and sent all of them back except that one." Anderson was arrested for the violation in April, 1923, and placed in jail at Greenville, Ga. The ring was valued at \$800 Mr. Bookout said.

"I wasn't locked in, but was in what they called a trusty room. They wouldn't give me anything much to eat and asked me why I didn't walk out, so I did." The government charges him with having saved his way out, however. Mr. Bookout's records show Anderson saved out a few days after he was placed in, and carried two other prisoners with him. He was not seen again until arrested in Georgetown, S. C., a few weeks ago.

MAYOR OF PLAINS ACCIDENTALLY SHOT

PLAINS, Ga., Sept. 28.—W. A. Carter, mayor of Plains, and member of the Sumter county commission, is in a hospital here suffering from severe gunshot wounds accidentally inflicted at his home Sunday night.

Carter went into his garage seeking a supposed prowler there. He carried a small caliber shotgun, which accidentally exploded, a portion of the charge striking him in the left shoulder.

SAVANNAH TO OPEN DRIVE FOR JOBLESS

Leading Citizens Ready To Start Campaign for \$125,000 Fund.

SAVANNAH, Ga., Sept. 28.—(AP)—Savannah Tuesday will open its two-day drive for \$125,000 in relief of the unemployed.

George Butler, formerly in charge of the Savannah forward movement of two years ago in behalf of the Chamber of Commerce, is in charge of the present drive. Mayor Thomas M. Hynes, chairman of the city's unemployment commission, is general director. At final meetings held here today the "501" organization of the Chamber of Commerce announced full plans complete for the intensive solicitation tomorrow and Wednesday with every confidence of the success of the movement.

It was announced that only residents of Savannah would benefit from the employment features expected from the funds to be raised this week. Many of those now employed are expected to contribute a portion of their wages or salaries weekly over a period of three months.

NAVY LEAGUE HITS

U. S. Group Demands Ratio Revision To Protect America in Holiday

WASHINGTON, Sept. 28.—(P)—Current proposals for a year's naval holiday were attacked tonight by the Naval League of the United States as tending to widen the gap between the American fleet and those of other treaty powers.

The league said, however, it heartily favors a holiday which would help the navy to approach the ratios fixed

The terms under which the administration has informally agreed to Italy's proposal for an immediate one-year armaments truce were criticized.

The league contended that although the London treaty allows ratios of 10, 10.2 and 6.8 for American, British and Japanese fleets of aircraft carriers, cruisers, destroyers and submarines, the present ratio of under-age completed vessels in these categories

A complete year's holiday would give other treaty powers an advantage of 19.6 over the United States in their navies, and a holiday merely on laying of new keels would yield an average gain to the other navies of 14.3 per cent.

Secretary Stimson has said the proposal is acceptable to this government, provided it can proceed with construction of 11 destroyers for which the war recently ended.

Congress appropriated \$10,000,000 last session to begin construction of these destroyers and the navy plans to ask for \$20,000,000 more at the next session.

Other construction now under way includes seven 10,000-ton 8-inch gun cruisers to cost \$17,000,000 each; a 13,800-ton aircraft carrier to cost \$19,000,000 and three fleet type submarines to cost \$4,000,000 each.

**LEAGUE GROUP PAVES
WAY FOR YEAR'S TRUCE**

GENEVA, Sept. 28.—(P)—The disarmament committee of the League of Nations late tonight adopted a resolution designed to prepare for a possible one-year truce in armaments beginning November 1.

The resolution, embodying a compromise between the Italian proposal for an immediate truce—which the United States and the majority of the League members supported—and objections raised by Japan and France, reads as follows:

"The assembly requests the governments invited to the disarmament con-

"Requests the council (of the League) to urge the governments concerned to the said conference to give effect to their earnest desire for peace."

successful issue of efforts to insure and organize peace, and without prejudicing the decision of the conference on the programs or proposals submitted to it by each government to refrain from any measure involving an increase in their armaments.

"It likewise requests the council to ask the governments to state before November 1 whether they are prepared for a period of one year, as from that date, to accept this truce in armaments."

OKLAHOMA TO HAVE

NO SPECIAL SESSION

OKLAHOMA CITY, Sept. 28.—(AP) Governor Murray announced today there will be no special session of the Oklahoma legislature to enact cotton and other relief legislation. Relief bills initiated by petition and voted

by the people would serve the purpose just as well, he said, adding there was no hope for relief in connection with this year's wheat and cotton crops.

FOR WINTER PRACTICE

The destroyers from Newport will operate in the Charleston, S. C., area until December 31, while the cruisers from Hampton Roads will operate in the Chesapeake bay area until November 22.

President of U. of Missouri Attends Wedding Here Today

President Walter Williams, of the University of Missouri, the only university president in America who never attended college himself, will visit Atlanta today to attend the wedding of his son, Edwin Moss Williams, to Miss Evelyn Branch, the daughter of Mr. and Mrs. James A. Branch. Previous to assuming the university presidency several years ago President Williams was dean of the school of journalism for many years, making the Missouri school one of the foremost in the country. A number of his former students are now serving on Atlanta newspapers, including T. Kumpe Jones Jr., who has been a member of The Constitution editorial staff since his graduation from Dean Williams' school in 1928.

MURPHY WILL APPEAL SCUTTLING CONVICTION

Captain Is Sentenced to Seven Years in Prison and Fined \$5,000.

MOBILE, Ala., Sept. 28.—(P)—Captain John G. Murphy, ship owner of Mobile, sentenced to serve seven years in the federal prison at Atlanta and pay a fine of \$5,000 for conspiring with members of the crew of the steamer Rose Murphy, which he was accused of sinking in order to collect the insurance, was at liberty tonight under a \$20,000 appeal bond. Murphy today announced he would fight the case through the federal circuit court of appeals and then to the supreme court of the United States.

Salvador Martinez and James A. Fulford, indicted with Murphy, but who entered pleas of guilty and turned state's evidence, were freed under bond to await sentence by Judge Robert E. Ervin, presiding judge of federal court here. This was the third trial and the second verdict of guilty in this case. The first jury returned a verdict of guilty but it was set aside by Judge Ervin. The second hearing resulted in a mistrial.

It was alleged by the government that Murphy hired Martinez, Fulford, Captain George Womson, and Grace Roddy, all officers on the ship, to sink the vessel in the Florida straits in November, 1927.

Following considerable litigation between Murphy and the insurance companies in both federal and state courts, a settlement of the insurance claim was made. Murphy was paid \$72,500. Other civil litigation is still pending in the state courts.

15-Year-Old Fulton High Girl Wins County Spelling Title

Mildred Clark, 15-year-old Fulton High school senior, daughter of Mr. and Mrs. J. C. Clark, at Conley, stood supreme against a field of 13 others Monday afternoon, to walk from the county commissioners' room at the courthouse, as the champion speller of Fulton county. She spelled through two books and a special list of words without missing during an hour and 15 minutes of competition.

The contest was conducted by Knox Walker, elementary supervisor of schools of the Fulton county system, and representatives from each high and junior high school in the city and county systems were entered. Mildred Clark will represent the county against a field of picked spellers from all counties in the state at a statewide contest to be held at the South-

POWER COMPANY WINS MAINTENANCE AWARD

ATLANTIC CITY, N. J., Sept. 28. Winner of the Electric Railway Journal's maintenance contest for 1930, the Georgia Power Company, of Atlanta, Ga., was awarded a bronze plaque here this afternoon at the fifty-fifth annual convention of the American Electric Railway Association.

L. Butler, vice president in charge of the Georgia Power Company's street railway department, received the plaque on behalf of his company. The presentation was made by W. W. Wyser, of the United Railways and Electric Company, Baltimore, chairman of the contest committee.

The contest award was based on the character, quality and cost of maintenance work done by street railway operating companies throughout the United States and Canada. Forty-two companies in all parts of the country and of all sizes were entered. The work included repairs and improvements made on street cars and coaches, street tracks, overhead trolley wires and improvements of maintenance methods.

The quality of the Georgia Power Company's maintenance work during 1930 was reflected in its record of 150,000 miles of street car operation in Atlanta per breakdown through failure of equipment, the best record in its history.

AMBULANCE DAMAGED IN AVOIDING COLLISION

To avoid striking another car at the intersection of Spring and Luckie streets, W. J. Rolander Jr., driver of a J. Austin Dillon ambulance, crashed into the corner of Meisel's pharmacy. No one was in the ambulance at the time, but Rolander said he was on an emergency call. His siren was going full blast and he was crossing Luckie street on a green light, he said, when a coupe ran in front of him on a red light. The driver of the coupe did not stop. Damage to the store and the ambulance was slight.

NEGRO SENTENCED IN BOYKIN ROBBERY

David Parson, negro, who recently had the bad judgment to rob the home of Solicitor-General John A. Boykin, and who entered a plea of guilty before Judge Jesse Wood in criminal court of Atlanta Monday, was the object of an appeal for leniency made by Mrs. John Perdue, mother-in-law of Mr. Boykin.

Mrs. Perdue based her plea on the fact that the accused man was the grandson of a negro slave belonging to her father. Judge Wood gave Parson a sentence of 12 months, with time off for good behavior. According to the testimony, the negro took a pocketbook containing approximately \$40 from the Boykin home at 909 Myrtle street while there ostensibly to interview Mrs. Perdue regarding a job. He was arrested later by George Pounds and Marvin Baker of the solicitor's staff.

LAST RITES TODAY FOR T. B. FRENCH

Funeral services for Thompson B. French, 61, well known in Atlanta through his advertising activities, who died suddenly at his home, 810 Juniper street, N. E., will be conducted at 2 o'clock this afternoon at Spring Hill, the Rev. W. W. Memminger, pastor of All Saints' church, of which he was a member, officiating. Interment will be in West View cemetery.

EMORY HOSPITAL WILL CLOSE CLINIC

After serving nearly 10,000 cases over a period of six years, the "Out Patient" clinic of the Emory University (Wesley Memorial) hospital will close its doors Wednesday.

Lack of sufficient funds is given as the reason by hospital authorities, who said: "Such a service as the clinic gave cannot be maintained, but neither can the fact that it cost money, which under present conditions is not forthcoming."

The clinic was organized in 1925 to serve people who could not pay regular fees for medical attention. The service given was either free or extremely inexpensive. Wednesday will be the last day on which service will be given.

POISON DOSE FATAL TO M'RAE MAN HERE

C. M. McMillan, 27, of McRae, Ga., who died at a local hospital after about a week's illness, brought on by a dose of poison, will be buried in McRae this afternoon at 4 o'clock. No explanation was given by members of his family for the poisoning, nor will there be an inquest, according to authorities. McMillan was visiting in Atlanta when he was stricken, and was taken to the hospital, where his disorder was diagnosed as mercury poisoning.

McGraw's Friend Dies in Hospital

AUBURN, N. Y., Sept. 28.—(UP)—Albert F. Kinney, 70, recognized as the discoverer to John J. McGraw, veteran manager of the New York Giants baseball club, died today in Cortland City hospital.

Kinney was said to be McGraw's closest friend. The famous manager always introduced Kinney as saying "Here is the man who put me in baseball."

When McGraw was playing sandlot baseball in Truxton, N. Y., Kinney

single him out as a star. He managed McGraw and farmed him out to various village teams until he landed his protégé a contract with the Baltimore Orioles.

Mrs. Alex Fraser Second in Tourney

TORONTO, Ont., Sept. 28.—(UP)—Maureen Orcutt, defending champion, shot a brilliant 80 today to win the qualifying medal in the Canadian women's open golf championship.

Miss Orcutt beat par on the first nine with a sparkling 37.

Mrs. Alex Sterling Fraser, of Ottawa, one-time holder of the United States title, had the second best score of the day, an 81.

The Season of Consistency.

Taking in the records of the year up through the Ruth-Gehrig home run draw ending Sunday, this has been the most consistent all around sporting season of many years. In the first place most of the early March and April doping figured the Athletics and the Cardinals out in iron and that is exactly where they went and where they stayed, without wasting much time or any useless gestures. There never was much doubt about what would happen in the two pennant races after June.

In the same way, Al Simmons rated as the best of the hitters, with Ruth and Gehrig in front as the home run makers. Not much question about that. And again that is what happened. Simmons led both leagues at bat, while Ruth and Gehrig tied at 46 in the matter of compiling home runs.

And there may have been more consistent horses than Twenty Grand, but who remembers them?

Same in Golf.

Tennis usually runs to consistency in form and that is what happened when young Vines finished on top. Even the most inconsistent of all games, golf, swung into line along this road. Tommy Armour was due for a British open and Bill Burke's consistent play in the Ryder cup matches made him one of the favorites at Toledo.

But the women's golf championship at Buffalo last week broke all records in this respect. Seven of the eight favorites finished among the last eight left. After that it was remarkable how closely all the surviving competitors stuck to women's par, from 80 to 82 on round after round. There was little variation in the scoring as the last eight, the last four and then the last two battled their way along.

The New Women's Champion.

Helen Hicks, the new champion, had been one of the favorites from the start. To begin with, she had an impressive all-season record. She won four of the five leading tournaments in which she started and most of these had ranking competitors to contend with. More than that, it took no eagle eye to see the improved soundness of her swing, both with wood and iron. The slight cut of her seasons had given way to a slight pull, badly needed among women players to get the extra distance needed. And with the improvement that also came in her putting touch, Miss Hicks was then fully equipped to carve her way to the front.

Only fine golf and a stout fighting heart could have faced two such competitors as Edith Wilson and Glenna Collett Vare, champions of Great Britain and the United States, as effectively as the new champion did. She had to cudgel out two great golfers and two hard fighting competitors, and each time she had the stuff needed for the stretch where the going was always hard.

Miss Hicks has about the same length from the tee that Mrs. Vare can show, and both are just a shade back of Maureen Orcutt. There was little difference in the distance obtained by three of the four survivors—the Misses Hicks and Wilson and Mrs. Vare. They had about the same swing. It was the steadier iron play of the young Long Island star that pulled her safely through one of the hardest tests any young champion has ever been called upon to face.

All-Around Athlete.

Ten days before the Buffalo tournament, Miss Hicks admitted that she was looking forward to the end of the golf season. "Just why?" she was asked.

"Because," she said, "I also like to swim, ride and play tennis. I like these sports just as well as golf and I don't get as much fun concentrating on one sport. This is something you have to do before a championship. I'll be glad when I can vary the schedule again."

Miss Hicks was also a fine basketball player some two or three years back, so her versatility is among the most extensive that any of the champions carry. She puts a world of enthusiasm into each sport, without being tense or keyed up.

The record now held by Glenna Collett Vare is one of the most remarkable in golf. She has reached the final rounds of national championships, here and abroad, something like nine or ten times. The 1930 champion has been in the final jamboree six times over with a record of only one defeat over the longer route. And abroad it has nearly always taken the champion to beat her—Joyce Wethered twice and then Diana Fishwick. It will be interesting to see how future battles between the old and new champions work out, either in the south this winter or in northern competitions next spring and summer. As it is we now have two queens of golf in place of one.

And Helen Hicks at the age of 20 should have a great career before her, if she cares to give the time and attention needed in defending her throne.

MACKS WELCOME CHANCE FOR MARK

greater strength at the bat, give him the call at shortstop.

I hardly need speak of our pitchers. Their record for the year does that for them. Wonder when any team ever had three men who in a season won more than 20 games apiece; one of them more than 30. Those three are Grove, Earnshaw and Walberg, and don't forget Mahaffey and Hoyt, who walked off with 25 or more games between them. All are possible starters. A pretty fair staff, and in excellent condition.

We have no worry about our pitchers. That is sure. Did I hear some one say pitching was about 70 per cent of the battle? Well, if that's so, we are content.

Manager Mack feels that the team will be ready, and while not as outspoken in his expressions of confidence as the rival manager, I am sure he is certain his team will not fail him.

Personally, I'd like to express a bit more enthusiasm, but after my long association with Connie Mack I know his practice is best. So I will say only:

"We'll be in there strong."

GREENTREE WINS POLO TILT, 15-14

Hitchcock Stars Against Gauchos in Semi-Final of Cup Play.

PORT WASHINGTON, N. Y., Sept. 28.—(AP)—Tommy Hitchcock, playing some of the most sensational polo he has exhibited all season, led the Greentree team to a 15-to-14 victory yesterday over the Gauchos, combination of three-quarters Argentine, in the first semi-final of the Monty Waterbury cup handicap tournament.

The ace of American polo tallied six goals and paved the way for as many others as Greentree, withstanding a last-period spurt by their rivals, squeezed out the decision. The deciding goal was scored in the last minute of play by John Hay (Jack) Whitney, on a long pass from Hitchcock.

Greentree, a 27-goal combination, conceded three goals to the Gauchos but made up this deficit in about three minutes of play on three successive goals by Hitchcock. Thereafter it was the tightest kind of a battle with the combination of Hitchcock and his youthful No. 2 man, G. H. (Pet) Bostwick waging a furious duel of horsemanship and long-distance hitting with the famous Reynal brothers, members of the Santa Paula team that won the American open championship this season.

Hitchcock scored six goals and Bostwick five to account for all but

SHIKAT, DELAUN LIKELY TO STAGE THRILLING BOUT

Giant Canadian, New Mat Sensation, Out To Win Here Tomorrow.

Wrestling comes back to the Atlanta auditorium in a big way Wednesday night, when Don DeLaun, 220-pound French-Canadian, makes his first appearance here against Dick Shikat, the German who once wore the crown that Jim Londos now possesses. The bout should be a thrilling and colorful one.

Matchmaker Henry Weber, deciding that Atlanta wanted some new faces in the mat game, went to considerable expense to bring DeLaun and Shikat here for the feature bout. DeLaun, one of the new sensations in wrestling, holds victories over men like Pat McGill, Wladek Zbyszko and Henri DeGlane.

Shikat, who appeared here six months ago, is a very powerful and scientific grappler and local fans have expressed a desire to see him in action. The German was one of the men who helped create new interest in wrestling as a sport. He is superbly proportioned and a fine showman.

DeLaun is very anxious to beat Shikat, so he has informed Weber, as he would like to become a regular headline here. Weber expects the Shikat-DeLaun match to draw one of the largest crowds of the wrestling season.

Weber is glad that he moved this week's card to the auditorium, as the chilly snap would have made things very uncomfortable at the open air arena.

In the semi-final of Wednesday night's show, Cy Williams, former University of Florida tackle, meets Tony Catalano. Tickets can be had at the Piedmont Hotel and the Chandler Soda fountain. Ladies will be admitted to any seat in the house for \$1.

NAVY.

ANNAPOLIS, Md., Sept. 28.—(AP) Seeking to perfect the timing of his green team, Coach Rip Miller sent his Navy charges through an hour of scrimmage today, the first of four rough workouts scheduled for the week in preparation for the opening game Saturday with William and Mary.

Lou Kirm, hard-hitting backfield ace, will not be available for the opener, having suffered a leg injury in scrimmage. Tschigi replaced him in the backfield, which lined up with Deany at quarter, Walkup at the other half and Campbell at fullback.

ARMY.

WEST POINT, N. Y.—Army's impressive showing against Ohio Northern Saturday earned for the Cadets a day of comparative rest today. A discussion of Saturday's game, the running of plays on the scrimmage machine and a punting drill for Fields, Elliott, Carner and Stecker comprised the workout in preparation for the Knox College contest.

N. Y. U.

NEW YORK—New York University's mauling was given a "soup-to-nuts" fare today. Chick Meehan saw to it that his charges missed nothing except actual scrimmage. Signal and passing drills, work on fundamentals, and an intensive practice session for the punters made it a full day for the Violets. West Virginia Wesleyan is the next foe for the local outfit.

PRINCETON.

PRINCETON, N. J.—Al Wittmer donned a uniform today for the first time since his appointment as head coach at Princeton. Recovered from an operation for appendicitis, Wittmer directed the Tigers in a two-hour drill devoted principally to developing protection for Tiger knockers.

SIMMONS RATES AS 'BIG PUNCH' ON EITHER SIDE

Hafey Nearest Approach Cards Boast to Mack's Great Slugger.

By Gayle Talbot, Associated Press Sports Writer.

NEW YORK, Sept. 28.—(AP)—Taken as a group, the Philadelphia Athletics do not have the greatest outfield in the world. But Al Simmons, the "big punch," plays left field for the American league representatives. The St. Louis Cardinals boast a well-rounded corps of fly-chasers, but there is no Al Simmons in the lot. Charles "Chick" Hafey, the National league's outstanding slugger, is the closest approach. For the purposes of a short series, in which the championship might ride on a single batted ball, the Athletics hold the ace.

Simmons, who has amassed a 300 average this season to lead the American league for the second straight time, is likely to break up a ball game any time he comes to bat. The pitchers insist he has no weakness. This year he has made 72 extra-base hits, including 22 home runs, and driven in 125 runs.

THE MULE AND THE BING.

Roaming the Athletic gardens with the volatile Al are two veteran teammates, George (Mule) Hays in center field and Edmund (Bing) Miller in right. Neither is a star of the first magnitude, but they are capable and they have been through the world series mill for two years. Although he has been handicapped by an injured wrist for the last month and has been forced to let young Roger Cramer fill in for him, Hays finished with an average of .326 and had 44 extra-base knocks. Miller, the weakest hitter of the trio, posted a .281 mark.

Conceding Simmons an advantage over Hafey, bespectacled star of the Cardinals, Hays also appears to rate an edge over Pepper Martin, the rookie sensation who opposes him in center. That is, providing the "Mule" has rounded into top shape for the big series.

If he has not, the Athletics will find themselves at a serious disadvantage in that position. Neither Cramer nor Jim Moore, Connie

Dalton Women Prepare Welcome For Southeastern Council Members

By Bessie S. Stafford, Editor of Georgia Federation of Women's Clubs.
DALTON, Ga., Sept. 28.—Led by Mrs. M. E. Judd, president of southeastern council of General Federation of Women's Clubs, and Mrs. F. K. Sims, general chairman of the local committee, Dalton women have been anticipating the coming for many months of a representative group of nationally known clubwomen assembling here Tuesday, by making preparation for their comfort, happiness and pleasure. Registration for the three-day session of the twelfth annual convention of the southeastern council takes place Tuesday at Oconee, the home of Mrs. Judd, to be followed by a brilliant reception given at the Hotel Dalton by members of the Civic Club.

Mrs. Sims, the general chairman, will be assisted in making the conference a success by a group of prominent Daltonians, who will dispense that quality and flavor of hospitality for which women of this community are famed, as Dalton, the largest city in Whitfield county, boasts of some of the most hospitable citizens in Georgia. The group of arrangements includes Mesdames W. E. Mann, B. A. Tyler, J. A. Crawford, Walter Jones, H. L. Jarvis, C. L. Hamilton, John S. Satterfield, C. M. Hollingsworth, W. C. Martin, Malcolm Tarver, G. H. Rauchenberg, T. D. Ridley, William Cannon, H. J. Smith, Lamar Westcott, and Misses Olivia McCarty and Willie White. Mrs. Malcolm Tarver is chairman of pages, and serving on her committee are Mesdames Hubert Judd, Albert Carter, Trammell Starr, Forrest Barrett, Warren Sims, C. L. Bradley and Misses Martha Lynn Manly, Louise Meredith, Lenna Judd, Mary Louise Horan and Ethel Sapp. Host and hostess clubs include Dalton's Woman's Club, president, Mrs. M. E. Judd; Lesche Women's Club, president, Misses Olivia McCarty and John Millidge chapter, Daughters of the American Revolution, regent, Mrs. B. A. Tyler; United Daughters of the Confederacy, president, Mrs. W. C. Martin; Junior Star Legion, president, Mrs. C. M. Hollingsworth; Civic Club, president, Walter Jones; Junior Chamber of Commerce, president, Warren Sims.

Theme of Council.
"Instruction and Inspiration" is the theme of the council, and the states composing the division of general federation are Alabama, Florida, Georgia, Kentucky, Maryland, North Carolina, South Carolina, Tennessee, Virginia, West Virginia, and the Republic of Cuba. Mrs. John F. Sippel, of Baltimore, Md., president of General Federation of Women's Clubs, along with her husband, will be in Dalton, and her brilliant extemporaneous address on "Women's Share in the Problem of Facing the World Today," based on current problems, will be delivered at the Wednesday session. The plan of these regional councils was originated in Atlanta 11 years ago, its purpose being to promote a better acquaintance among women of neighboring states, and a better understanding of the activities of general federation. Officers of the council are: President, Mrs. M. E. Judd, of Dalton, Ga.; vice president, Mrs. Julian G. Hearne, of Wheeling, W. Va.; secretary-treasurer, Mrs. Walter L. Jones, of Nashville, Tenn.

Wesleyan Alumnae Association Organizes Additional Group

At the luncheon Saturday at which Mrs. Augustus M. Roan entertained the group chairman of the Wesleyan Alumnae Association at her home, 1361 Springdale road, group No. 5 was organized with Miss Christine Glausier as temporary chairman. Mrs. Roan, as second vice president, is chairman of groups and superintends the activities planned by the various groups.

Miss Glausier will organize alumnae from classes 1928-31, leaving to group No. 4, classes 1920-28. Atlanta Wesleyan Alumnae Association is one of the most active in the city, due to the fact that the entire Atlanta association, which numbers about 490 members is divided into groups of 10 or more classes, forming congenial, friendly circles which enjoy teas, parties and luncheons. Four times a year the association calls all groups together for an elaborate reception or tea.

Mrs. Roan's guests included Mrs. J. B. McNelly, former group chairman; Mrs. W. G. Bryant, chairman of Decatur; Mrs. John Metcalf, chairman group No. 1; Mrs. Norman Woodward, group No. 3; Mrs. Douglas Kersh and Mrs. L. Marvin Rob-

Mr. and Mrs. H. Grady Andrews Celebrate 20th Wedding Anniversary at Reception

Mr. and Mrs. H. Grady Andrews, beloved and popular Atlanta residents celebrated their twentieth wedding anniversary yesterday at their home on Lucile avenue, in West End, at a reception and a wedding ceremony which re-enacted their marriage service solemnized in Jacksonville, Fla., in 1911. The bride of twenty years ago was very lovely in her cream lace gown as she stood beside her husband before the flower-decked altar to plight anew the troth she gave years ago. Rev. W. H. Faust of the Gordon Street Baptist church performed the second ceremony, in the presence of relatives, members of the Cascade chapter, O. E. S., and friends.

Wedding Cake.
The tea table was overlaid with an exquisite lace cloth and centered with an exquisitely embossed wedding cake.

Mr. and Mrs. H. Grady Andrews, who were married at Jacksonville, Fla., in 1911, have three daughters, Miss Dorothy Andrews, Miss Thelma Andrews, and their son, Grady Andrews Jr. Miss Dorothy Andrews wore a model of black chiffon; Miss Thelma Andrews was gowned in black lace, and Miss Elizabeth McGough, a cousin of Mr. Andrews, wore a gown of green crepe. The wedding march which rang out triumphantly years ago to herald the approach of the bridal party, was rendered at yesterday's ceremony by Miss Myrtle Bell Durham. Miss Lottie Belle Suttles sang "At Dawning" and "When Your Hair Has Turned to Silver." Others in the receiving party were Misses Elizabeth McGough, Margaret Aiken, Margaret Giles, Evelyn Fain, Bonnie Ruth Andrews, Mrs. O. B. Andrews, Mrs. Bessie Aiken, Mrs. Nolan B. Williams, Royce Collins, Miss Hazel Smith, Willie May Douglas, Mr. and Mrs. W. H. Andrews, parents of Mr. Andrews, Mesdames Lucy Powers, Charles L. Anderson and Carrie Roberts kept the book wherein the guests registered, and Mesdames Nell Hood, Maude Wilson and Miss Mary Braswell and Margaret Dyer served refreshments.

Mrs. Andrews was the former Miss

Geneva Browning, daughter of the late Mr. and Mrs. Perry Browning, of Elmore, S. C., her family having lived there for generations. When a young girl she came to Atlanta to reside with her aunt, Mrs. L. M. Sinclair, now of Los Angeles, Cal. Following her marriage she has made her home in West End, where she interests herself in home affairs as well as cultural work. Her duo of daughters and her son are her especial pride. Miss Dorothy Andrews is the elder and Thelma Andrews is the second daughter and Grady Andrews Jr. is her only son and his father's namesake.

Mrs. Andrews organized the Cascade chapter, O. E. S., a year and a half ago and has been identified with the O. E. S. for 12 years. Along with her many duties she finds time to instruct a class of girls at the Gordon Street Baptist church and is one of the most prominent of the workers of the church. She interests herself in the Parent-Teacher work and is a member of the Baptist Women's Missionary Union. Through her efforts in leading the movement city council installed whiteway lights on Gordon, Lucile and Inman streets in West End which were turned on January 9, 1929. Mrs. Andrews is a member of the U. M. C. and was chairman of the soldiers' home for two years. During this period the chapter was awarded the silver loving cup for efficient work among the soldiers. She is a charter member of the West End Woman's Club and was awarded a silver cup for securing the greatest amount of monetary gifts for the club.

Fifty-Fifty Club.

Fifty-Fifty Study Club meets Thursday morning, October 1, at 11 o'clock with Mrs. W. T. Mooney, 1570 Gordon street. A flower program will be sponsored by Mrs. W. B. DuVall. The speaker will be Donald Hastings.

Her sisters are Mrs. Nolan B. Williams, of Atlanta; Mrs. Burnett Struck, of South Carolina; Mrs. LaTrissa B. Burton, of Birmingham, Ala.; Mrs. Jesse B. Cohen, of Greensboro, N. C.; Mrs. Eunice B. Walters, of San Antonio, Texas, and her brothers are George W. Browning, Lathern Browning and Leroy Browning, of Elmore, S. C.

Fraternal Circles.
Mr. Andrews, who is a member of the Gordon Street Baptist church and is influential in fraternal circles, is affiliated with the claims department of the Georgia Power Company and is a member of the Battle Hill lodge, F. & A. M. He is a son of W. H. Andrews, head of the detective agency for the past 34 years, and Mrs. Bessie Andrews Aiken is his sister and O. B. Andrews is his brother. His mother was formerly Miss Emma McGough and Mr. Andrews was born and reared in Atlanta. Mr. and Mrs. Andrews' children are members of Gordon Street Baptist church, and Miss Dorothy Andrews, a student at Girls' High school, belongs to Cascade chapter, O. E. S.
